Re: Our Clients: Gentle Giants Rescue and Adoption
Your Client: Barbara J. Laird

Dear Ms. Karila:

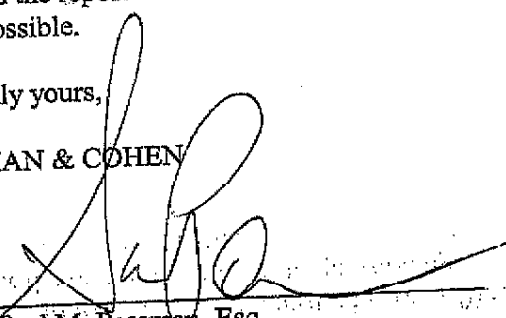

Since our last conversation, my client has become all the more concerned that your client, referenced above, may not be maintaining the Great Dane adopted from Gentle Giants in the appropriate fashion. Therefore, my client has asked me to forward to Ms. Laird, via your office, the following demand. Ms. Laird must forthwith alter the diet of the animal in question by feeding him only Pedigree Adult Complete Nutrition Small Crunchy Bites Dog Food, or a dog food that can be purchased from Gentle Giants Rescue and Adoption.

The reason my client is so insistent about this issue is because the respective dog foods are formulated in a fashion which my client believes is in the best interest of the animal.

I will need some confirmation that this instruction is being followed. If this is not the case, my client is adamant about moving forward with the repossession of the animal. Hopefully it will not come to that, so please advise as soon as possible.

Very truly yours,

PASSMAN & COHEN
